

UPACIP Medical Center ? Prior Authorization Request

Date: May 8, 2026

Patient: Ahmed Hassan MRN: MRN-000008 DOB: 1978-03-15

Insurance: BlueCross BlueShield Member ID: BCB-987654321

Requesting Provider: Dr. James Thornton

Facility: UPACIP Medical Center

NPI: 1234567890

Requested Service: MRI Lumbar Spine without contrast

CPT Code: 72148

ICD-10: M54.5 (Low back pain)

Clinical Justification:

Patient presents with 6 weeks of persistent low back pain radiating to left leg. Conservative therapy with NSAIDs and physical therapy has failed to provide relief. MRI requested to rule out disc herniation or stenosis.

Supporting Documentation Attached: Yes

Urgency: Routine

Authorization Status: Pending
